

Going to My IEP Meeting

Every year I have an IEP Meeting.

At the IEP Meeting my parents, teachers and I meet to talk about my goals for the school year.

I help my parents get ready for the meeting by talking about goals we want me to work on.

My parents will make a list and I will make an *All About Me*.

My *All About Me* will let the teachers know what is important to me to work on, what I like and what I don't like. This will help us write my goals.

I can talk about my *All About Me* at the meeting myself or I can ask someone else to talk about it with or for me.

It is important that I understand my goals so if I have trouble understanding I can ask questions.

I can get help to write down my goals in my own words then I can make sure to work on my goals.

It is important for me to work hard and be in charge of meeting my goals.
